

THANKSGIVING DAY MASS

My Dear Parishioners,

I pray that you are doing well and keeping safe. We will celebrate our multilingual Thanksgiving Day Mass at 9:30 a.m., Thursday, November 26. After much consideration and given the increase in coronavirus cases, especially in the San Fernando Valley, our Thanksgiving Day Mass will be a drive-in Mass in the parking lot. I would love to have you here and I look forward to seeing you.

The Mass will be livestreamed, so you may watch in your car on your cell phone or tablet. We will also transmit the Mass via FM radio so that you may tune in on your radio. The station will be provided on Thanksgiving Day.

As is our custom, we invite you to bring your Thanksgiving food and drink to be blessed. Simply place the items on the hood of your car for the blessing. Holy Communion will be distributed at the end of Mass.

Please also come prepared with your offering for our parish. We will come by your car with a basket on a pole for our safety as well as yours. Of course, you may also sign up for e-giving on the parish website. E-giving is an easy, convenient way to support your parish.

Please follow the instructions of the ushers. This is an unusual time, and we need to adapt accordingly.

I, along with my brother priests, wish you all a blessed and safe Thanksgiving Day. We look forward to celebrating with you.

Blessings,

Fr. Beto
Pastor
